GIANT EARLIER HIT MOUNTAIN ECONOMY BATTLE BREAKS OUT AGAIN

HOUSE JOINS SENATE IN ASKING GOVERNOR SUBMIT NEW MATTER

HOUSE HEARS CHARGES SENATE NOT SINCERE IN ITS ECONOMY EFFORTS

AUSTIN, Oct. 18.—(P)—The house, after two hours of stirring debate, joined the senate today in urging Governor James V. Allred to submit to the current special session the subject of reducing governmental costs.

With the session ending one week from tomorrow, the chief executive so far had pleaded only for new taxes. He had declined to reopen appropriations on grounds they probably would be raised instead of lowered.

A small house majority disregarded the plea of Rep. Abe Mays of Atlanta that the resolution was "a stab in the governor's back" and had the support of the "hypocritical senate" and the "special interests who don't want to pay their share of taxes."

An effort to kill the resolution, which requested Allred to reopen appropriations, failed 61 to 70, and it then was adopted by a wider margin.

Rep. Walter E. Jones of Jourdan, the resolution's author, urged its approval in an attempt to remove the impediments against trimming expenses. The attorney general's department had expressed the opinion that unless the governor changed his special session call the house could not consider the departmental reduction bill passed by the senate.

Speaker Robert W. Calvert said privately his present intention was to hold that expense-slashing proposals were not within the call.

Charges the senate was not sincere in its move to cut expenses and would not reduce appropriations for higher educational institutions and the judiciary rang through the house chamber.

"In the departmental bill, the senate whacked the little fellows and let the big ones go," said Rep. Penrose Metcalfe of San Angelo. "Let's wait and see the senate's move into business. Let's wait till they agree to trim the judiciary and educational bills." Jones maintained time remained in the current session to effect material savings in governmental costs.

"Some men and women on the state payroll," he said, "draw all—"

Waxahachie Jail Breaker Arrested Roswell, N. M.

ROSWELL, N. M., Oct. 18.—(P)—A man identified by Sheriff Percy Bean as Cotton Eudleston, who escaped from jail at Waxahachie, Texas, Sept. 12, was captured in a hotel here yesterday.

He made no show of resistance when taken into custody by Sheriff Percy Bean, Deputy Sheriff Stewart and State Policemen James Durrett, but when taken to Chaves county jail, he suddenly drew a pistol concealed on his person.

Twice he pulled the trigger, but the weapon jammed and the officers disarmed him.

Arrested with him were two young women, who identified

LANDON'S AIR ADDRESS FOR TUESDAY NIGHT HAS AROUSED MUCH POLITICAL SPECULATION

WASHINGTON, Oct. 18.—(P)—Alf M. Landon's announcement of a radio speech tomorrow night aroused speculation today on two questions.

1. Will the 1938 republican presidential nominee comment directly on President Roosevelt's talk of last Tuesday outlining his program for a special session of congress?

2. Will he discuss republican preparations for the 1938 campaign, including the proposed off-year convention?

Landon gave no clue to his subject in announcing the address. He said only that he would discuss "certain questions of the day."

(The address will be broadcast over the NBC blue network, 8:30 to 9 p. m., central standard time.)

Political observers here considered it likely that he might take issue with the president on some legislative recommendations, or at least outline the republican viewpoint.

A speech, in any event, will be regarded as another step in the

GUARDSMEN PATROL NARRAGANSETT RACE TRACK ON MONDAY

PAWTUCKET, R. I., Oct. 18.—(P)—With National Guard machine guns set up at the entrance of the Narragansett Park race track, officials of the track today called off this afternoon's racing "because of martial law."

Armed National Guardsmen patrolled the area about the million-dollar racing plant to enforce Governor Robert E. Quinn's command the plan be closed.

Three hundred guardsmen, under command of Adjutant General Herbert R. Dean and Colonel Earl C. Webster, moved into the area yesterday after Governor Robert E. Quinn proclaimed "a state of insurrection" existed at the million dollar track.

The troops had hardly taken their positions when Henry F. Curvin, director of public safety in Pawtucket and democratic majority leader in the Rhode Island house, announced he had sent a letter to the governor threatening to bring impeachment proceedings against him for ordering out the militia.

The governor's proclamation, issued Saturday night, declared the "danger" of attendance of "gangs, criminals and persons of ill repute" at the fall meeting, scheduled to open this afternoon would cause "injury to our citizens" which civil authorities would be "unable to compete with."

The proclamation followed a state supreme court decision set-

GENERAL FRANCO TO HAVE FINAL SAY ON TROOP WITHDRAWALS

By The Associated Press
Insurgent Generalissimo Francisco Franco was advanced today as holding the final say in any non-intervention set-up to get foreign volunteers out of the Spanish civil war.

Some observers said that Germany and Italy might agree to demands of France and England for withdrawal of volunteers but, it was pointed out, Franco could throw a monkey wrench into the proceedings by refusing to order the foreign troops to leave Spain.

Although Franco has agreed to a withdrawal it was pointed out he stipulated that foreigners be withdrawn equally from both the insurgent and government forces, as Italy has proposed.

England, however, will want the withdrawals on a basis of five men from the insurgent side to every one removed from government ranks. British diplomatic quarters said. The ratio was worked out on the British belief that 100,000 foreigners are with the insurgents; 20,000 with the government.

A official (Stefani) News Agency bulletin, in Rome today estimated Italian volunteers in Spain at about 40,000, including combatants and non-combatants.

"This is the truth which fears no denial from any source—verified and unverified," the bulletin said.

A. D. McKinney Is Victim Of Heart Attack Monday

A. D. McKinney, aged 58 years, was stricken with a heart attack Monday morning at 9:30 o'clock while sitting in the lobby of the Y. M. C. A., and died within a few minutes. He resided at the Y. M. C. A. He had been in ill health for some time but his condition was not regarded as alarming.

Mr. McKinney was an automobile dealer here for a number of years and prior to moving to Corsicana, was in the banking business at Kerens.

Surviving are a son, A. D. McKinney, Jr., Corsicana; two sisters, Mrs. H. Y. Smith, Blytheville, Ark., and Mrs. Orris Simmons, Kerens; and a brother, A. W. McKinney, Enid, Okla.

Funeral arrangements have not been completed, but the rites will probably be held sometime Tuesday.

Sutherland-McCannon Funeral Home is in charge.

RIGHT SECURITIES COMMISSION TAKE TELEGRAMS UPHELD

SUPREME COURT REFUSES REVIEW DECISION AGAINST FLORIDA COMPANIES

WASHINGTON, Oct. 18.—(P)—Three Florida companies lost in the supreme court today in an attack on a securities commission attempt to subpoena their telegrams.

The tribunal refused to review a decision against the companies by the Fifth Circuit Court of Appeals. The latter sustained the subpoenas, as well as the 1933 "trust in securities" act under which the subpoenas were issued.

Justice Black was assumed to have participated in the action announced today on approximately 30 controversies appealed from lower courts.

No announcement was made that he had not participated. An announcement ordinarily is made when justices disqualify themselves for any reason from passing on litigation.

Refusal of the high tribunal to review the attack on the securities commission produced renewed speculation as to whether Black's supposed participation would give the companies grounds to challenge the court's ruling.

While chairman of the senate lobby committee Black used telegrams, obtained by the securities commission, which had been sent and received by persons under investigation by the committee.

Labor Board Case
In other actions by the court, the Jeffery-DeWitt Insulator company of Kenova, W. Va., lost an attack on an order by the National Labor Relations board which held the company guilty of unfair labor practices.

Price Newsprint Paper Increased For Next Year

NEW YORK, Oct. 18.—(P)—The newsprint committee of the American Newspaper Publishers' association today issued this statement:

"The Great Northern Paper company, 342 Madison avenue, New York City, today announced an increase of \$5.50 a ton over their 1937 prices during the first six months of 1938, and an increase of \$7.50 a ton over 1937 prices, for the last six months of 1938. Thus, the price for the first six months of 1938 will be \$48, and during the last six months of 1938, \$55.50 a ton.

This action of this United States mill repudiates the leadership of the Canadian newsprint industry in announcing in March 1937 a \$50 price for the first half of 1938 only, by following the precedent of reducing the price of newsprint to publishers knowing the price of their most expensive raw material for a year in advance, and by a small relief as to prices. It also helps stabilize the newsprint and publishing industries.

GARNER WILL FIND DINNER DATE ON CAPITAL'S SOCIAL CALENDAR BUT HE MAY CALL IT OFF AGAIN

WASHINGTON, Oct. 18.—(P)—Vice President Garner may have thought he had clinched once and for all the old custom of exchanging an annual dinner with the president, but he hasn't.

For on the winter social calendar of the White House, just made public, is this line:

"January 8, 8 p. m.—Vice president's dinner, 8 p. m."

Many a Washington dweller, however, was willing to wager today that when Garner arrives for the special session of congress next month, he will telephone President Roosevelt and say something like this:

"Say, boss, let's call the whole thing off."

That is what he did last year, and President Roosevelt, chuckling heartily, consented.

Until that time, the president and the First Lady had entertained at a state dinner every year for the vice president and his wife, and the latter in turn had been host to the presidential couple.

Garner's customary bedtime is 9 p. m., and those annual dinners

STEADY RAINS OVER WEEKEND PROVIDE NEEDED MOISTURE

PRECIPITATION OF GREAT AID TO FALL PLANTING; LITTLE COTTON DAMAGE

By The Associated Press
A week end of steady rains over a wide area in Texas today had aided fall planting and provided needed moisture for grains already under ground in some sections.

Sections about Fort Worth, Gainesville, Stephenville, Palo Pinto county, and Dallas, where precipitation ranged from one to 2.50 inches, reported little damage to cotton, most of which had been harvested, and help for wheat, oats and other grain already seeded, with aid to planting operations.

Houston reported that week-end rains of almost torrential intensity amounting to about 5 inches would keep the third wing of the GHQ air force, there for annual army aviation maneuvers, grounded.

In that area some late, unharvested rice was reported damaged, but truck crops needed the rain.

Beaumont recorded 3 inches of rain yesterday, still falling late last night.

The Colorado river rose a half foot in 24 hours at Austin, where 2.66 inches of rain fell in a 24-hour period ending yesterday.

THOMPSON WARNS OIL PRODUCERS OF LOWER ALLOWABLES

AUSTIN, Oct. 18.—(P)—Ernest O. Thompson, chairman of the Interstate Compact Commission, said today oil producers of the nation might as well expect lower allowable quotas from now until spring.

Thompson's statement was issued two days before a state-wide prorator hearing at which evidence on which to base Texas' allowable for November will be received.

"No amount of statistics alters the fact that lately business over the nation has appreciably slackened," he said. "Prices of basic commodities have dropped materially. Thousands of men have been laid off. All this affects market demand of oil adversely."

"We cannot under the law allow oil to continue to build up above ground storage and waste the valuable lighter ends. It can be produced later when and where needed. It is wiser to not over-produce, when overproduction means waste and loss for those who produce it and to the state. The consumer is best protected by allowing only enough oil to be produced to meet consumer demand."

Kleberg County Sheriff Seizes Marble Boards

CORPUS CHRISTI, Oct. 18.—(P)—Sheriff Jim Scarborough of Kleberg county today offered no explanation of his action yesterday at Kingsville in seizing six marble tables which had been confiscated by District Attorney Joe P. Hatchett but intimated he would place the officers who confiscated the machines under arrest when they appear in Kingsville Tuesday.

A hearing on four complaints filed against owners of the machines in justice of the peace court at Kingsville yesterday, is set for tomorrow afternoon.

District Attorney Hatchett said that marble tables had repeatedly been held as gambling devices by Texas courts and that if the Kleberg county sheriff had any desire to arrest him, he would "gladly submit."

Nineteen Persons On United Airlines Ship Sighted By Searchers

SALT LAKE CITY, Oct. 18.—(P)—An air liner lost more than 14 hours with its 19 occupants was sighted from the air today 12 miles southwest of Evanston, Wyo., and first indications were it was badly wrecked or burned.

Whether any of the 15 passengers or crew or four escaped alive could not be immediately learned.

Arthur Willoughby of San Francisco, postal inspector who flew here today, said he "understood" the plane was "burned or badly cracked up."

"They have nothing definite on it yet, but it is my understanding the men who found the ship got the impression it either had been badly smashed or had been partially burned," Willoughby said.

R. W. Schroeder, vice president and former chief of federal air line inspection, announced the mighty transcontinental transport was sighted by Bob Bergensen, United Air Lines pilot, and Observer Bill Williams, who then radioed they would land at the Knight, Wyo., field, near the Utah border.

"The plane definitely has been wrecked," Schroeder said later.

Cracked Up on Mountain.
"It cracked up on the side of Chalk mountain, about 26 miles south of Knight, at an altitude of 10,000 feet. The observers could not fly close enough to see whether anyone was alive."

Immediately afterward Schroeder and a party of air line officials left by automobile for Knight.

In rough, broken country, the scene of the apparent crash can be reached only by a difficult wagon road, Schroeder said. Rain and snow may make access even more difficult.

Searching parties set out for Knight from Salt Lake City and from Evanston, planning to go in to the remote region by horseback from that small town. Knight is about 75 miles northwest of Utah's capital, on the eastern edge of the mighty Wasatch range.

Reported All O. K.
Pilot Earl J. Woodgeton last reported from his plane over Rock Springs, Wyo., at 8:16 p. m. (Mountain Standard time) last night, saying "Slightly rough. All O. K."

Later, Sheriff Frank L. Navarro of Evanston, Wyo., said the scene of the crash is 35 miles from the Knight government airport, nearest landing field and new base for the search.

He said he believed wagons and horses could force their way to within five or six miles of the crash scene, but that beyond that point not even a trail exists.

"I doubt it will be necessary to reach the plane before nightfall," he said.

"We had a miniature coudburst in this region last night. That will make things worse."

Postal Inspector M. G. Wenger announced at Salt Lake City a detachment of soldiers from Fort Douglas had been ordered out to guard the plane.

"Our first duty will be to recover mail and express, and the scene of the accident will be closed to the public until this has been done," he added.

MASSACHUSETTS AND TEXAS CLASH DURING GREEN ESTATE CASE

TEXAS WINS FIRST SKIRMISH AS MASSACHUSETTS RULED OUT OF ORDER

By DAVE CHEADERS
FORT WORTH, Oct. 18.—(P)—Massachusetts and Texas clashed sharply today over Col. Edward H. Green's ancestry and Texas won the first round as a score of lawyers from four states assailed their contention for approximately \$8,000,000 in inheritance taxes from the Green estate.

Special Master in Chancery John S. Flannery ruled Massachusetts was out of order at this time in offering in evidence a letter from Col. Green to Edward Stern, New York stock dealer, in which Hotly Green's son wrote:

"For your information, I will state that ever since the Pilgrims my ancestry has been as follows: Edward H. R. Green, Round Hills Farm, South Dartmouth, Mass."

The letter, produced by T. Ludlow Chryslie of New York City, special counsel for Massachusetts, was offered again in evidence when the hearing over Col. Green's domicile is moved to Massachusetts, said Edward O. Proctor, assistant attorney general of Massachusetts.

Texas continued building up its case to establish that Col. Green actually considered Texas as his home by introducing a letter from the late Col. O. B. Colquitt giving the eccentric capitalist his title "Colonel." Green was made a lieutenant-colonel on Gov. Conquitt's staff on Nov. 10, 1910. Neither Massachusetts, Florida or New York, the other states seeking to prove Green considered them his official residence, objected.

E. J. Kiest of Dallas, publisher of the Dallas Times Herald, told of the sorrows of early-day motoring in horseless carriages a she recollected his close friendship with Green.

The hearing moved to Fort Worth today after a convention of ice

QUESTION OF HOME FOR WEST TEXAS CHAMBER OF COMMERCE WILL BE DECIDED BY COURTS

ABILENE, Oct. 18.—(P)—Question of the home of the West Texas Chamber of Commerce headquarters today had become one for the courts to decide.

Removal of the office from Stamford to Abilene had been scheduled this morning, but D. A. Randson, general manager of the chamber, was enjoined from so doing by a court order issued by Judge Dennis P. Ratliff of the 30th district court at Haskell.

Action prompting the temporary injunction was brought by the Stamford Chamber of Commerce and board of city development, joined by C. M. Francis and others. Mr. Francis is treasurer of the West Texas Chamber of Commerce, and the only member of the executive board to cast a dissenting vote when the board last Friday accepted Abilene's offer to house the WTCC offices in the old federal building here.

Legal counsel for the Stamford group is Charles E. Coombes and H. G. Andrews, partners in a

Stamford law firm, and E. V. Hurdwick, another attorney of Stamford. Coombes, a former Abilenean, is an ex-president of the WTCC.

Date for the injunction hearing was set November 15, the site yet to be determined.

Application for the injunction was filed in the Haskell court, it was explained, because W. H. Chapman of Abilene, judge of the 104th district, which embraces Jones county, could not be reached.

Negro Slayer Of Two Policemen Is Shot To Death

ST. PETERSBURG, Fla., Oct. 18.—(P)—Death early today climaxed a grim manhunt for the negro slayer of two St. Petersburg policemen after officials had saved him, through a ruse, from possible mob action.

Chief of Police D. O. Vaughn said the negro was J. O. Moses, who was wounded and captured last night after he had been hunted since Saturday night for the slaying of Motorcycle Officer James A. Thornton and Patrolman William G. Newberry at a circus here.

Vaughn said Moses was shot while resisting arrest when disarmed. It is wiser to not over-produce, when overproduction means waste and loss for those who produce it and to the state. The consumer is best protected by allowing only enough oil to be produced to meet consumer demand."

TEXAS TECH TAKES LIVESTOCK JUDGING HONORS OF NATION

KANSAS CITY, Oct. 18.—Texas Tech of Lubbock walked off with collegiate livestock judging honors at the American Royal Livestock Show here yesterday while two of its team members tied for second place in individual awards and a third placed fourth.

The best college judge of the day was Frank Blakemore of the University of Missouri, but his 943 points weren't enough to lift his team above 13th place. Walter Coulson and Clifton Cole, both of Texas Tech, had 941 points, and Jack Welch, their team member, finished next with 928.

In second place behind Texas Tech's 4576 points in combined judging of horses, cattle, sheep and hogs, was Oklahoma A. and M. College with 4514. Michigan State

and Texas A. and M. tied for third with 4460 points.

Horse judging honors went to Ohio State. Texas Tech was first in cattle, Oklahoma A. and M. and the University of Nebraska tied as the best hog judges and Michigan State led the field in judging of sheep.

Clifton Cole, Texas Tech, was the individual winner in sheep judging.

Kerens Baptists Play Pay Church Debts In Full

KERENS, Oct. 18.—(Sp.)—The Baptist church debt paying campaign is progressing nicely. Already 110 people have subscribed \$2351.50. The goal is \$3300, which leaves the amount only \$948 short, and many members have not yet been contacted.

It is planned to wipe out this debt which includes both interest and principal, and have Rev. W. A. Corkern of Baton Rouge, La., preach the dedicatory sermon on the last Sunday in November. Rev. Mr. Corkern was the pastor when

the \$75,000 church was built 12 years ago, and to him is due a large amount of credit for the erection of the building.

He has asked for the privilege of paying the last \$10.

A Three Days' Cough Is Your Danger Signal

Just a common cough, a chest cold, or a bronchial irritation of today may lead to serious trouble tomorrow. They may be relieved now with Creomulsion, an emulsified Creosote that is pleasant to take. Creomulsion is a medicinal combination designed to aid nature in soothing and healing infected mucous membranes by allaying irritation and inflammation and by aiding in loosening and expelling the germ-laden phlegm.

The Medical Profession has for many years recognized the beneficial effect of Beechwood Creosote in the treatment of coughs, chest colds, and bronchial irritations. A special process was worked out by a chemist, for blending Creosote with other ingredients and now in Creomulsion you

get a real dose of genuine Beechwood Creosote which is palatable and can even be taken frequently and continuously by both adults and children.

Creomulsion is one preparation that goes to the very seat of the trouble to help loosen and expel the germ-laden phlegm. When coughs, chest colds and bronchial troubles—due to common colds—hang on, get a bottle of Creomulsion from your druggist, use it as directed and if you are not satisfied with the relief obtained, the druggist is authorized to refund every cent of your money. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief that you want. **RETIRED U. S. ARMY
OFFICER GUEST OF
TEXAS UNIVERSITY**

GEN. R. E. NOBLE GUEST OF
DR. AND MRS. HOMER JES-

The following taken from the Sunday issue of the Daily Texan will be of interest to General Noble's many friends in Corsicana: Major-General Robert Ernest Noble, United States Army, retired, will be in Corsicana today. He and his party will be officially received by President J. W. Calhoun, L. T. Bellmont, representing the campus reception division, Vernon Schumacher, associate professor of English, and other representatives of the University committee on public relations. General Noble will be taken for a tour of the University this morn-

ing and in the early afternoon will visit Dr. Goodall Wooten, president of the Austin Chamber of Commerce.

An honor graduate of the army medical school in 1901, General Noble was a member and onetime director of the Rockefeller Educational Foundation.

Foundation Yellow Fever Commission to the West Coast of Africa. He was in charge of the anti-mosquito campaign in Puerto Rico for eight months, and then went to Ecuador as a member of the sanitary commission to study yellow fever, and for seven years during the construction of the Panama Canal, his work with General Gorgas was outstanding. In 1913 he went to the Rand mines, Transvaal, to study the cause of pneumonia. He served in the World war as surgeon-general of

the American Expeditionary Forces. He retired in 1925. He will be accompanied to Austin by Mrs. Noble and by Dr. and Mrs. Homer Jester of Corsicana, his hosts on his tour of Texas.

Beauty Diary

of Edna Kent Forbes
THE WEEKLY SPECIAL
TREATMENT.

If you are troubled with blackheads, try the extra cleansing Miss Forbes tells about in today's Diary.

Removed from the shops, the baths, and the gym, my friends found she would have to work out methods of treating herself at home. Trips to the city would come occasionally, but there were many other things to be cared for in her life beside this newly acquired one of improving her appearance.

der skin and joints of a child's foot should not have to come in contact with heavy, stiffened materials. No child should have corns if they appear, the shoes should be changed, as they invariably will be the cause of the trouble.

If you have any beauty problems you cannot solve, write for Edna Kent Forbes' three "NEW" beauty booklets: (1) "Fifteen Minutes a Day for Beauty"; (2) "The Finger Points of Beauty"; (3) "Eating and Bathing for Beauty." Send ten cents in stamps for EACH booklet, to pay for printing and handling and enclose a stamped, self-addressed envelope. Address: Edna Kent Forbes, c/o this paper.

PEACE CONFERENCE LATE THIS MONTH ORGANIZED LABOR

AMERICAN FEDERATION OF LABOR AND CIO MAY FINALLY GET TOGETHER

By The Associated Press. A peace conference late this month to attempt a settlement of organized labor's civil war and a reunion of its forces appeared virtually assured today.

Leaders of the American Federation of Labor and the Committee for Industrial Organization were still apart on the basis for a conference, but indicated they saw no insurmountable obstacles. Apparently the last obstacle was removed with a CIO invitation today for A. F. of L. representatives to meet with its representatives "with or without commitments."

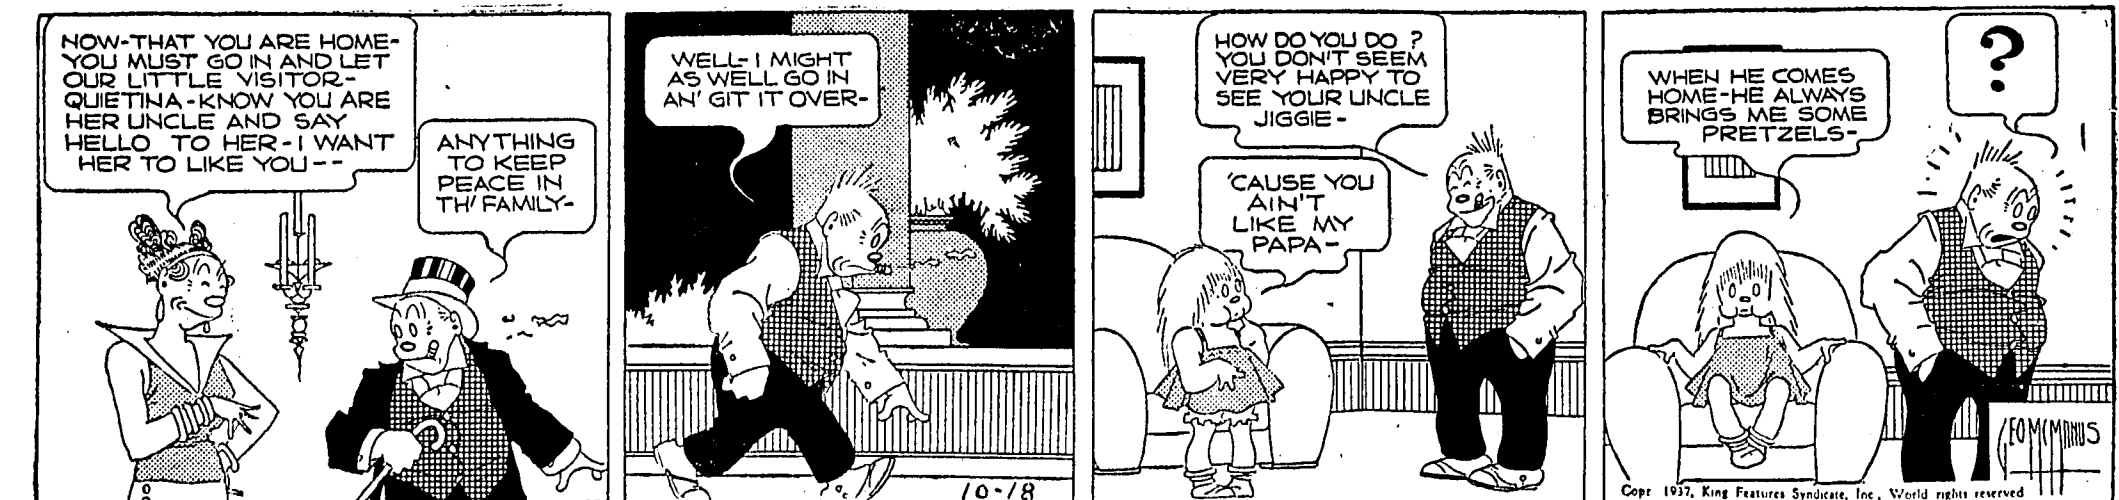

William Green, A. F. of L. president, earlier had said at Denver where the federation is in convention that he thought the negotiations of the past week "probably" would result in a peace meeting.

John L. Lewis, CIO leader, would not comment publicly, but others in his organization, now meeting at Atlantic City, N. J., said there appeared to be "a pretty good chance that we will get together."

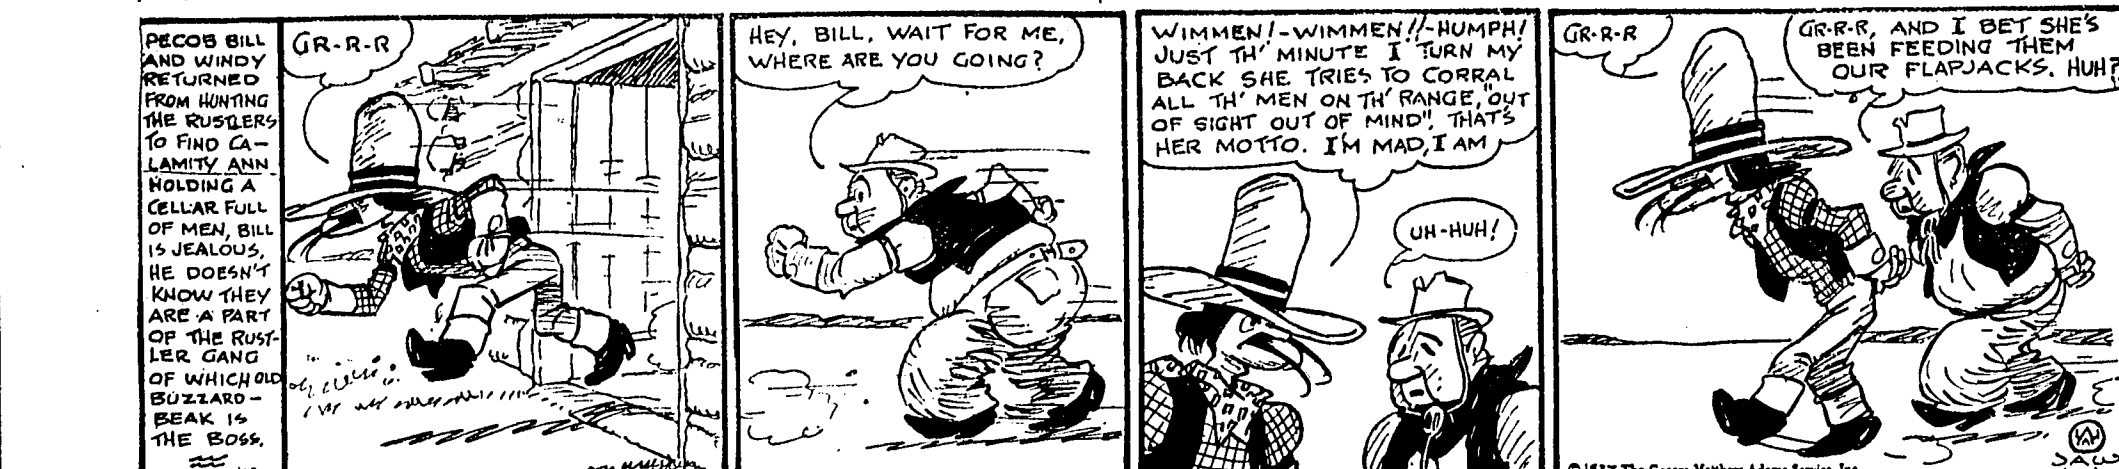

The CIO had proposed that ten representatives from each organization get together at Washington Oct. 25.

The A. F. of L., while indicating willingness to meet with CIO representatives, has declined to make acceptance of the industrial form of union organization, a condition for negotiations. The new CIO invitation met this objection.

ENNIS COUNTIANS FUGHT BENGALS IN CLOSE MELEE

SPECTACULAR RUNS WERE
UNRELEED IN FINAL PER-
IOD FOR SCORES

By PAUL MOORE
Sun Sports Editor

Turning on plenty of drive in the final quarter, Corsicana and Ennis engaged in a terrific battle on Tiger field Friday night with the final score Corsicana 14, Ennis 6.

The two teams battled the first three periods without a tally, although Corsicana had threatened on several occasions, only to be stopped by hard-charging Ennis. Ennis forward wall Ennis had the better of the running game during the first half, but could not match the continual hammering of the Bengals.

Bengals sent a hard-driving and charging line against their traditional enemies and let it be said for those boys, they intended to win that game. Ennis' consistent punts by Corsicana from quick-kick formations.

In McKenna, Breeland and Norman, line men, and Goddard, center, Ennis played the first half of the game. Ennis' consistent punts by Corsicana from quick-kick formations.

Neither club threatened to score during the first period. Corsicana bogged down on the second on the Ennis 17-yard stripe.

Rival Bands and Pep Squads. During the intermission between the halves, the Corsicana and Ennis bands and pep squads vied in contests of snappy drills and formations. Both bands brought unstinted applause from the small crowd.

Starting the third period with a bang after having been outplayed most of the first two periods, McDougal ran back a punt to the Ennis 44-yard line. Later, Farmer and other line men broke through to spill Ennis backs for 20 yards loss. Spencer missed a golden opportunity to score when he took a punt and raced back 30 yards and was loose but fell to the ground. Three Tiger interference runners were with him and only the safety man was between him and the end zone.

A lateral, McDougal to Spencer, was completed for 18 yards to the Ennis 12-yard line, but again the fighting and well-coached Lions took a score and the ball went over on downs to the Lions on their 15-yard stripe.

Johnson recovered a fumble on the Corsicana 44-yard line to stop a threatening drive before he, but Ennis held and gained the ball on her own 38-yard line.

Fourth Quarter. Farmer, playing an alert game, recovered an Ennis fumble on the Ennis 22-yard line from which place the first touchdown was made. Spencer ran back a punt right tackle. A pass, the only one completed by Corsicana during the evening, was made, McDougal to Hagler, for 11 yards to the Ennis 8-yard line and a first down.

Spencer made a punt to the right side of the line and McDougal picked up 1 yard at center. Hagler cut-back at left tackle for 3 yards and the touchdown. Paschall converted on place placement for the extra point.

Pass Intercepted. Ennis opened up an aerial attack and Hagler intercepted a pass and returned it 15 yards to the Ennis 44-yard line. It was a sensational leaping interception on a dead sprint. Spencer took the ball on the first play and threw a fine screen of interference, sped away as if to make another sweeping end run, drawing the Ennis line to one side. Quick as a flash, he cut back and ran behind a number of wild-bunch tacklers and outdistanced the backs to run 44 yards and a touchdown. Paschall again converted from placement.

Short time later, Goddard, fleet and hard-driving Lion back, ran 40 yards for a touchdown to end the scoring for the evening. Ennis did not take ball past Corcoran 38 yards except on the touchdown sprint. A couple of first downs had been made by Corsicana to the Ennis 35-yard line as the game ended.

Starting Lineups. Corsicana—Grantham and Nutt, ends; Lee and Pace, tackles; Long and Calkins, guards; Norton, center; Stewart, quarter; Morgan (C) and Hagler, halves; Robinson, fullback.

Ennis—Breeland and Norman, ends; McKenna and Collins, tackles; Minahan and Hampel, guards; McGee, center; Dixon, quarter; Goddard and Gammon, halves; Parma, fullback.

Substitutions. Corsicana—Glenn, Farmer, Elington, Paschall, Wareing, Spencer, McDougal, Armstrong, Johnson, Terry Hookout, Stokes, Hurley.

Ennis—Gerault, Ricks, Anderson, Shebesta, Oats, Armstrong and Warren.
